Phil's Forecast:

Weather: High 50's, 70% chance of rain, winds 5-10 mph - If I told you prior to the season that the Panthers would be a TD favorite against the Colts on MNF you would have thought that I was crazy! The fact is that CAR is just that and deservedly so as they've now won 10 consecutive regular season contests dating back to LY. The Colts meanwhile have dropped 5 straight matchups against non-division opponents including LW at home against the Saints, a game in which they actually trailed 27-0 in the 3Q. My computer calls for the Panthers to continue their streak in this one and I fully agree as it's clearly time for IND to push the panic button with their issues outside of the AFC South.
