Phil's Forecast:

JAX comes into this 0-8 & the last team they actually beat on the field was the Titans "just" 14 games ago. TEN can actually get above .500 with a win & the Jaguars lost productive playmaker WR Justin Blackmon to suspension. You'd be hard pressed to find anybody to pick JAX to win this game but I will point out that they do have Maurice Jones-Drew operating against the #28 rush D. Also the L/3 teams the Jaguars faced were DEN, SD & SF who are a combined 17-7 & they were only outgained by 69 ypg. TEN also has a big game vs IND on deck & NFL teams that are 0-6 or worse returning from a bye are actually 15-2-1 ATS. Despite the record the Jaguars have not quit on their coach as there is simply a dearth of talent on the roster due to bad drafts in the past. TEN is -44 ypg the L/4 wks & JAX isn't that far behind at only -49. I will call for JAX to put up a better fight than my computer thinks.
