# CFP Semifinal at the Capital One Orange Bowl: Georgia vs Michigan

Friday, December 31, 2021

Miami Gardens, Florida, USA

Hard Rock Stadium

**Georgia Bulldogs**

**Kirby Smart**

**Stetson Bennett**

Press Conference

Georgia 34, Michigan 11

KIRBY SMART: I'd like to open it up with I'm really proud of our players, the whole organization, our staff works really hard to put a plan together. Our players bought into that plan. We came out from the very start and executed that. Defensively and offensively, we had a really great opening drive. I thought that set the tone for the game. I did not think we played as well in the second half as we're capable of and got a little flat, but I appreciate the effort and the commitment to the players. Nobody understands how long a layoff that is and how many practices you've got to continue to have, and they bought into that each day and came to work and answered a lot of questions that everybody had for them.

**Q. Derion, we haven't talked to you all year. Obviously it's been a huge year for you, and to get Defensive MVP in this game with two picks, you're an experienced guy, can you put into perspective what really the last year has been like for you and being kind of back on this stage again and playing big?**

DERION KENDRICK: Last year I just had to keep my head up, keep grinding. God put me in this spot, University of Georgia gave me a chance, and I just put my head down and kept working, and this is what it led to.

**Q. Kirby and Stetson, Stetson's performance, how much of a statement do you feel like that made to those who have been questioning him and the performance that he had against Alabama in the last game?**

KIRBY SMART: I don't know. I don't get into much about statements. I really focus on performance and do things

based on performance, and I thought he performed at a really high level today. He's been really focused the last couple weeks. I think it's amazing to have a guy his age block out all the noise and just focus harder. It's almost like every time he hears noise he just focuses harder on the game plan and what he has to do to execute. You look at some plays he made out there with his feet, they couldn't account for his mobility and some of the plays he made with his feet, and just really proud of the way he prepped for this game.

STETSON BENNETT: Yeah, like Coach Smart said, this game is all about how well you play. There's really nothing -- I didn't go out there and play well today in spite of people. I came out there and played well and worked hard throughout the few weeks we had off because my teammates needed me to do that, and we needed that to win.

So as far as a statement, that's my goal every week is to play that well.

**Q. The deep ball to Cook, can you talk about getting the ball downfield and hitting those guys in stride, both Cook and Burton over 50 yards?**

STETSON BENNETT: Yeah, I tried not to underthrow them this game. Cook ran a great route, Jermaine kind of baited the receiver or the DB and I just trusted him on that one. Those guys on the outside just make it a lot easier because you can trust them and you know that they're going to get to a spot and they're just athletic and great football players.

**Q. Stetson, with the empty backfield success you guys had tonight, was that something you guys had seen on film or was it just kind of the results were there on some of those plays?**

STETSON BENNETT: Yeah, I think you said it. I think sometimes things just work out. We didn't know that the empty backfield would help like it did, but anytime we can get our skill players in space, we think that works.

**Q. Kirby, you guys held Michigan without a sack.**

**Obviously they have some really good pass rushers, and then you guys kind of flipped the script from the Bama game with four sacks of your own. What was the key to doing that?**

KIRBY SMART: You know, I think we practice against good rushers each day. Jamaree and Warren, they listen to everybody talk about those guys rushing, and Jamaree and Warren are good pass protectors. They do a nice job. When they don't or they give up penetration, Stetson did a good job avoiding. There was a couple times we got beat, even on the touchdown pass. I thought Stetson did an incredible job of getting the ball in the air. We did not block the edge rusher and he came scot-free and Stetson got the ball out to James, which was our only next score of the second half. So tremendous job there defensively. We generated some better rush, and again, we have to be able to do that to be successful. Was it a magic potion? I don't think it was a magic potion. We called a lot of the same calls we called against Alabama. But the quarterback probably didn't escape as good as Alabama's did, and we finished a little better.

**Q. Kirby, wanted to ask you real quick, I know Brock Bowers was kind of banged up there late in the game. Do you know anything about what he's dealing with and how he's doing right now?**

KIRBY SMART: Yeah, he's had a shoulder for a couple weeks. We've had him practicing in a black jersey limiting his contact some. But he's a tough dude, man. He's a warrior. He wanted to get back in tonight and we just didn't let him, but he should be fine.

**Q. Stetson, you went a lot with the quick game, passing game to begin with. Was that something to counteract some of their pass rush? What did you see in putting together the game plan with that?**

STETSON BENNETT: You know, from -- I don't know, since the time football started spreading out and you started throwing the ball a little bit more, you have to account for the extra guy in the box, whether it's a blitz or a down safety for your run game. That was a bunch of the stuff that we did early on. Like I said earlier, when you get our guys out in space, especially with the blockers at the skill positions that we have, good things happen.

KIRBY SMART: Yeah, I don't think it was a calculated get-the-ball-out-quick answer. It was what the defense gives you. Nowadays you take what the defense gives you, and Stetson had to make a lot of decisions people weren't aware of, and he made good decisions on where to go with the ball.

**Q. I was curious a little bit about the play calling there and how that all happened because it seems like when the pass game was clicking in the first part of the first quarter you started opening it up a little bit and going for more deep balls. Stetson, if could you tell me a little bit about what the conversations were like with Todd Monken and whether you decided to be a little more creative once you got the confidence going with your receivers.**

STETSON BENNETT: You know, I don't worry about what's called, I just go out and try to execute it. Coach Monk is a great play caller, so a bunch of those throws that you saw were run plays, and I just spit them out there. So it wasn't like we were calling pass plays every play. Michigan was just trying to stop the run sometimes, putting pressure, and so we'd spit it out there on the edge.

But I don't worry about what's called. That's not my job. Coach Monk prepares like nobody else, and so we trust what he calls, and we just go out and execute.

**Q. What happened there with the Gatorade bath at the end and how quickly do you turn ahead to Alabama now?**

KIRBY SMART: Yeah, I was wanting to get a real shower, not a Gatorade bath, because I want to get focused on Alabama. They got a five, six-hour head start. To be honest with you guys, I'm not interested in celebrating that. We'll look back on that win and that'll be great, but we're focused on the task ahead, and that's the objective and that's what our guys -- they worked their tail off for three to four weeks to get this opportunity, and it was a one-game season, and now it's another one-game season. I'm not focused on Gatorade baths.

**Q. As that game gets out of hand in the early going, is it any added juice for your defense to face a team that really wants to run the ball, and they came out before the game before the game started with shirts that said run the damn ball on it?**

KIRBY SMART: I don't know, there was a little chip on the shoulder of the defensive guys. Their offensive coordinator is the Broyles Award over Coach Lanning, who we think did a hell of a job. Their offensive line -- the Joe Moore Award you know what, somebody that made that decision that's a lot smarter than me, but we've got a hell of an offensive line, too, and our guys played with a chip on their shoulder tonight. DK did on defense, and all the defensive guys did and they were kind of backed up by a great offensive effort.

**Q. Defensive backs is your specialty dating back to**

**your days in Bainbridge, Georgia. How impressed were you with the performance of Derion Kendrick?**

KIRBY SMART: I'll tell you something about this man right here, DK. There is not a player on our team that prepares harder than he does. He comes to practice every day, gives great effort, takes notes in meetings. I've never been around a kid that is so attentive in meetings at the corner position. A lot of them just think I've got to go play man. He tunes in, and he's a competitor. There's never a walk through that he's not focused and locked in. He set a great example for our other players. He came from a really good program. He came from where they play really good defense. He fit right in with our guys, and he's been a tremendous leader, and I'm really proud of everything he -- he's gotten a lot of the accolades and the things he deserves tonight in the form of interceptions. He hasn't gotten those awards in the past, but he's played really well.

**Q. Just wondering, how much does having the experience in this kind of setting help someone -- Coach Smart mentioned how prepared you always are, but having been in this spot how far does it help?**

DERION KENDRICK: I wouldn't say it helps somebody like me. I'd say it just helps my teammates being able to be there for them. When stuff goes wrong, just being able to pick them up for the next play. Everybody is going to make plays, it's about what you're going to do the next play and the next play. I gave up a few plays, but I kept pushing, and you see the results.

**Q. Stetson, four years ago you were on the sideline at that Rose Bowl and now you helped lead your team to three touchdowns against Michigan in an Orange Bowl and helped them go to a National Championship. How special was that moment on the field when the clock hit zero?**

STETSON BENNETT: Yeah, it's been a long journey. Me, just like every player in this room or on our team, we love the University of Georgia, and we wear the G with pride. For us to come together after all the hours and all the off-season work and fall camp and just the grind of the season and be able to give ourselves a chance to go to a National Championship, it's pretty special.

But like Coach said, this game was just so we could play the next game.

**Q. Kirby, this is the first time this year your team has had to bounce back from a defeat and face some questions. I'm just wondering what this game proved to you and if it answers any questions that you might have had about this team.**

KIRBY SMART: I really never had questions about this team. The resiliency, the bounce back, the amount of character, I've seen it all year. We didn't play well, and we turned the ball over and didn't get any turnovers and played poor in the red area. You can list all the things we did in the last game. That's all our kids have heard about for three weeks. Our focus has been on, okay, what can we get better at, where can we turn our energy, because it does no good to look backwards. It only does good to look forward and who was our opponent. We always say you can't let a loss beat you twice, and we didn't let that happen today and now we get to focus our energy on a really good football team, and that's where we'll turn our head and attention now.

**Q. Derion, Coach Smart mentioned that the defense had a chip on its shoulder. I'm guessing part of that was because of the performance against Alabama. I'm just wondering, are you looking forward to getting a chance to redeem that performance?**

DERION KENDRICK: As a football player you always -- you're ready to go out there regardless of what game it is. We're ready to go play regardless of who the opponent is, but just so happens it's Alabama who beat us. We've got to go back and clean up on some things we did and just review over the film and just do what we do.

**Q. Stetson, just how helpful is it to have a running back as reliable and explosive in the pass game as James Cook?**

STETSON BENNETT: You know, obviously he creates match-ups that a lot of people can't do. Are you going to play a DB on him? Are you going to put a linebacker on him? That's a tough decision for a defensive coordinator to make. And then you can run the heck out of the ball, too. What are you going to do? Are you going to sub in a DB or are you going to play a linebacker on him? He's a special talent, and I'm sure he was happy with the game he had here at home.

**Q. Stetson, I'm wondering if you could have imagined this moment five years ago when you were with the team at the Rose Bowl.**

STETSON BENNETT: I mean, no. No. Every day from then until now you just go about your business and put your best foot forward, and hopefully -- you can't predict the future, but hopefully something works out.

**Q. This is just for any of you. How do you all stick together as a team in all situations? How do you guys remain together even if there's a period of adversity?**

## How do you guys do it?

DERION KENDRICK: It starts from really summer workouts and just working together. You always have hard times. You've always got times where somebody is down, so you just pick them up, push through, whatever you've got to do. It's always ups and downs in whatever sport you're in. It doesn't matter what you play. You've just got to keep looking forward and try to be better the next time.

## **Q. Going back to your time in Bainbridge, Georgia, what were some life lessons that prepared you for your role today?**

KIRBY SMART: My dad was a high school coach. I grew up around football. I grew up around players. I got a lot of friends and family back there, and I'm proud of where I'm from. You ask these guys where they're from, everybody takes pride in where they're from. I take a lot of pride in being from south Georgia where we played good football and I grew up around a lot of good football players. Those are the guys I kind of grew up looking up to, and now I get to watch my son look up to these two guys and they take him under their wing like the players did me, so it's something to be proud of.

**Q. James, I imagine you're not thinking about your childhood or whatever as you're catching passes and running into the end zone, but just tell me what it's like to have this kind of game here on this kind of stage.**

JAMES COOK: I mean, just playing in Miami where I grew up at, it just felt different really, like just playing in front of my fans. I just really wanted to give my team that edge and get that monkey off our back, what we had, that last taste in our mouth. Just kind of doing it for my team, for real, for real.

**Q. What did Kirby tell you about the Gatorade bath?**

JAMES COOK: I'm not sure really. At that point I was just like, forget it. I didn't really know what was going on for like, for real.

**Q. Just kind of wondering how much friends and family were maybe here for you, and then obviously your older brother had a similar game like this against Michigan in the Orange Bowl. I'm curious if you talked to him at all in the lead-up to this game or even since the game has ended, maybe texting with him?**

JAMES COOK: Not yet, but I mean, he kind of talked to me, just kind of saying this is the last ride and go lay it on the line for my brothers, and that's what I did today in front of friends and family. All my family supported me today. They had like a big tailgate party out there, so they was out there supporting me. I had to do it for them and my brothers on the field.

**Q. Take me inside your mindset; how is this game different when you're playing where you grew up in front of all these friends and family, and specifically**

**PLAYOFF  
SEMIFINAL**

**you catch this touchdown down here, what goes through your mind in that moment knowing you made a play like that on this kind of stage in this place?**

JAMES COOK: It just feels great, just knowing I did something special for my team. It's really -- I mean, it's really not all about me at this point. It's just about me getting the victory for my teammates and leading us to a National Championship the best way I can and doing my part.

**Q. The way you got off to the start tonight, was that important to put everything in the past?**

JAMES COOK: I mean, we've been moved on from that. I mean, we've had that chip on our shoulder where we get out there to play somebody else, we're just going to get that taste out of our mouth, and that's what we did today. I told the guys, every time we go out there, we've got to score every drive and don't leave no points on the field because that'll get you beat like it did against Alabama. We've got to just keep staying intact and keep getting better on Monday.

**Q. Are you jealous that Kenny got to throw that pass? How did that work out in practice? Is he good at that?**

JAMES COOK: I mean, this whole week he didn't throw a good pass this whole week, so when it came to the game and Coach Monken called that, I was like, hold on, I know he ain't going to call this and he didn't throw a good pass all week. And he threw it. That was a good pass. He threw it. I was stunned, but I didn't know if he was going to even call it. When he called it and Kenny -- that was a good throw. I give it up to him. Great throw.

**Q. Can you just describe the way Stetson performed tonight, some of the big plays he made in the passing game? And whether you and maybe some of your other teammates heard some of the negativity surrounding him and if that was an extra source of motivation for you all on offense?**

JAMES COOK: I mean, as a leader, as Stetson as a leader on our offense, he doesn't let that negativity go to

... when all is said, we're done.®

his head, for real. Like he said, he ain't got no social media, he carry a flip phone around, and he stay off social media, and he just let the noise go over his head and play football. That's what I love about him.

I mean, I kind of tell him during the game, just kind of stay in there, don't make bad decisions, use your feet, just do all the little things that will help you get out of situations that you can't fix.

JORDAN DAVIS: Good evening, everybody.

**Q. Derion Kendrick comes over as a transfer from Clemson. Played in the College Football Playoff games before. For him to have the performance he had tonight, what do you think it meant to him and the defense?**

JORDAN DAVIS: Shoot, you know, we came in here and wanted to play our game. D.K. coming from Clemson, being part of a winning program, won a national championship in the past, definitely gives him experience. He's been here before so he knows how this thing goes.

He just got to keep it balanced. He kept his balance, got two takeaways, had an amazing performance tonight. You couldn't really ask much more of him.

**Q. Jordan, are you a fan of oranges? Second, y'all have heard all week about Michigan's offensive line, the Joe Moore Award. How much did y'all hear that and use it as motivation to prove you are one of the best defensive fronts in the country?**

JORDAN DAVIS: Definitely a fan of oranges.

But, you know, we didn't really use it as motivation. We knew the Joe Moore Award and they totally deserved that, they have a great offensive line. But we just wanted to make sure that we was dominant and physical up front. We wanted to make sure we tested them, gave them a challenge.

That was our game plan going in, being a physical, more dominant front. It was a battle of the line of scrimmage. That was our goal.

Georgia 34, Michigan 11

**Q. Y'all have hats that said champs on them. They were playing "we are the champions" out there. Do you feel like champions or how much do you feel like there's one more game?**

NAKOBE DEAN: There's definitely one more game. Champs not at all. Job not finished. We didn't do our everything we did this whole season just to win the Orange Bowl. Job not finished.

**Q. What did Derion Kendrick bring to this team, not just today but obviously all season with the experience that he has at defensive back?**

NAKOBE DEAN: You know, he brings a lot of confidence in that secondary, confidence and swagger. Just to have him, he brought a lot of experience, also, so just to have him back there is just great.

**Q. How do you think you guys were able to be so effective against Michigan's offensive line? Obviously a really good unit. How were you able to be so effective against the pass rush and stopping the run and things like that?**

NAKOBE DEAN: Just basically the way we worked over the past couple weeks, what we emphasized and the work we put in, I feel like we've gotten better, and we need to continue to work for the next week and a half and continue to get better.

**Q. What have y'all emphasized over the past couple weeks since that Alabama game, and was it maybe a mindset that you had to change or was it Xs and Os fundamentals type of things that you had to work on?**

NAKOBE DEAN: We worked on a little bit of everything. First couple days closer to the loss we kind of had like a little camp. It was kind of like camp practices. Then we kind of focused in on Michigan, and we just continued to get better in every aspect. We continued to work on everything from special teams to offense to pass rushing to technique, anything. Anything to make you better individually, I feel like we as a team worked on it and we as individuals also worked on it.

**Michigan Wolverines**

**Jim Harbaugh**

**Cade McNamara**

**Josh Ross**

Press Conference

Georgia 34, Michigan 11

JIM HARBAUGH: Congratulations to Georgia. They played a heck of a game in all phases. I loved the way our guys fought. It wasn't our best, but certainly was theirs. They played extremely well.

**Q. How did you feel about the team's physicality tonight, particularly on offense, against Georgia's defensive front?**

JIM HARBAUGH: Yeah, it was a heck of a football fight tonight. They got the better end of it, but I thought it was physical on both sides of the ball. Yeah, really their execution on the perimeter, too, was extremely good. They played well. Got to give them credit for that.

**Q. The way things started with them getting off to I think it was a 17-0 lead, scoring touchdowns in their first couple of drives, how much did that take you out of what you guys do best and wanted to do because they were able to negate some of your pass rush and you guys kind of were forced to throw the ball a little more often early on?**

JIM HARBAUGH: Yeah, they did a very good job early in the game, first half especially, of extending drives. They were able to bleed out yards on the perimeter with some of the bubbles and swing routes. Then hit the big play. They got the swing route early to Bowers, that was big, and we lost the ball on the lights on the deep throw. They were able to bleed out the yards and pick up the 1st downs. I thought they were really effective, and on 1st down, they must have had eight or nine 3rd-and-shorts. They were

able to get the ball to 3rd-and-1, 3rd-and-2 and convert those 1st downs and keep the chains moving and couldn't get them out of that rhythm early.

Offensively we were able to make just about every drive we had had a 1st down in the first four drives. We had one three-and-out, and then weren't able to convert, make the big play, get the ball into scoring territory. Had some 4th downs, didn't convert those, and then unfortunately we turned the ball over a few times, and then we lost the ball in the lights one time on an offensive throw and they got an interception in the end zone.

Got to give them credit. They executed well. Game plan was good, and we weren't able to keep pace.

**Q. I know it's tough after a game like this, but could you share what you had to say to your team after this game or maybe what your thoughts are on putting this game into perspective with the whole season?**

JIM HARBAUGH: Yeah, it was a great season. To me it's one of the best seasons in Michigan football history. We were trying to make it greater. We were trying to make it greater tonight. But it was still a great season.

This team won't be together fully next year. It's still a beginning for this team. This is about when our guys -- Josh Ross to my left here and Cade McNamara to my right, that's when it began last year, and it'll begin anew this year. Start of a new year.

Proud of them, the way they kept fighting. I could say they were -- there's never any quit in these guys. It's a very resilient -- ton of resolve with this football team, and as I said, to me it feels like a start. Feels like a beginning.

**Q. You keep on saying that this feels like a beginning. How do you look forward to being able to build on what happened this season? What are the steps that you feel you have to take in order to be able to come back and win a game like this?**

JIM HARBAUGH: Keep building and attacking. I think our ballclub was in position to do it and weren't able to get it

**ASAP** . . . when all is said, we're done.®  
**sports**

done tonight, but always building and attacking at the same time.

**Q. You guys were down 34-3 in the fourth quarter. You guys were able to score a late touchdown. What can you say about that successful drive that you did have towards the end of the game, because there was some success for you guys?**

JIM HARBAUGH: Yeah, we were able to get that one in. Our offense was moving the ball there in the second half. We had those drives -- could have converted on two drives before, but got to give credit to the Georgia defense. They're a tough team to score on. Like I said, our guys keep fighting, the way they always do.

**Q. Cade or Josh, how could this loss against Georgia potentially affect how you guys view your season as a whole?**

CADE McNAMARA: I think obviously it's very disappointing right now. I mean, we gave everything we got, and we got beat tonight. But I think once we give it a little time, we'll be able to appreciate a lot of the great things we were able to accomplish this season, but after a loss you're obviously going to take it hard, and we're a competitive group, but that's not going to take away from the great things that we had this season, as well.

JOSH ROSS: Yeah, to piggy-back what Cade said, we did accomplish great things this year, and although it is a disappointing way to end it, we did do great things this year, and we can't forget about that. Today we got outplayed and it wasn't the best game for us, but as far as the season, as far as a whole, we had so many great moments with our group. Such a great culture that we've built here, and like Coach Harbaugh says, it's just the beginning of what we are building and moving on to next year.

**Q. With J.J. finishing things out, I'm sure you guys don't have to imagine too hard that the quarterback situation will be a topic of conversation for you guys from now until you take a snap again in September. Jim, do you feel the way the game ended has any bearing on how that decision proceeds? And Cade, what was it like having to watch the last few drives from the sideline after the way things had gone?**

JIM HARBAUGH: We know we have two great quarterbacks. We make no apologies for that. I felt we just weren't -- the protection just wasn't as good as it needed to be, and J.J. gave us more of a chance to escape it, avoid it and run because that was the reason we made that switch. Like I said, we've got two great

quarterbacks. We make no apology for that.

**Q. Jim, it looked like Georgia was able to get some one-on-one match-ups with Bowers and Cook. Can you just describe the chess match there? Were those formations that you expected or did they throw some new wrinkles at you?**

JIM HARBAUGH: Yeah, I mean, the swing route to Bowers, it looked like they hit a slugger there with their running back on our linebacker, same exact play we have in our offense, and ran it toward the end of the game there when you saw Donovan matched up on their linebacker. He ran the same exact slugger -- slant go, and were able to hit that, too.

That match-up we were looking for, they got, and both teams were able to convert it.

I'll forever love this team. We did some amazing things. Some historic stuff.

BRAD HAWKINS: Yeah, just to piggyback on what Aidan said. This 2021 Michigan football team was amazing. I wouldn't trade it for anything. I love these guys. We bought in since January with the leadership, the young guys buying in with us, allowing us to lead them in the right direction.

BRAD HAWKINS: Can you repeat the question?

**Q. Coach Harbaugh told ESPN this is just the start, he said he told you guys the same thing. What does that mean to lay that foundation, to be a part of the beginning of a new era for this program?**

AIDAN HUTCHINSON: Yeah, we climbed mountains this season that no one thought we could. We did some things

that nobody expected this Michigan team to do. I think we set the standard for the future of Michigan football and we really helped this program tremendously for the future.

All those young guys, they got this scar tissue now, being in the Playoffs, losing, having to feel this. I know they're going to bounce back next year and give 'em hell.

**Q. Aidan, is there any way that you can pass on the leadership to any of the players you know are returning? Anyone you've been mentoring for that role to keep it so the team continues to have this level of success?**

AIDAN HUTCHINSON: Yeah, I think we got a lot of guys on this team coming back that they listen to us leaders this year, they learn from us. I mean, they're with us through the thick and the thin.

I know Michigan football will be in good hands next year with one of those guys. I mean, they're going to step up. Already started talking to a couple of them that I know are going to be leaders next year.

But this one hurts. These guys are going to continue to grow, they're going to grow from this. Kind of like Aidan said, we set the foundation. These guys, of course, are disappointed. The scar tissue is not going to stop them.

Starting a new year, it's a new season. They're just going to continue to grow and continue to get better.

**Q. (Question about conferences.)**

#### Q. What was it like going against some of their tackles up front?

ANDREW VASTARDIS: Well, I think we just didn't execute the way we were playing, not executing the way we had been all season. That's just top to bottom. I think we had a good plan. I think we had a good understanding of the plan. Just failed to execute consistently. We made plays, but couldn't continue.

No one ever quit fighting, no one ever gave up, no one ever gave in. For that I'm proud. Even looking past tonight, just being a part of this team, I couldn't be more blessed.

Great defense. A lot of those guys will be playing on Sundays. Good luck to them moving forward. Gosh, I'm really proud of this team. Disappointed. I know that looking back it's just going to be the relationships and I love these guys.

#### Q. How did you think the offense functioned when J.J. entered the game in the second half?

ANDREW VASTARDIS: Yeah, I mean, he made some good plays. I think that was a coach's decision. I'm not sure what's motives were. Whoever is back there we trust. Like we've said all year, this foundation is built on trust. We know the coaches trust each other as men, then we trust each other as football players.

Guys can make plays however the team needs it. Whatever happens, you just got to keep fighting for your man to your left and to your right.

Excited the plays he made. Excited for the growth. Excited for the future of Michigan football because we have a bunch of great talent returning.

#### Q. As a senior and captain, what are you most proud of what you accomplished this season?

ANDREW VASTARDIS: Just coming together and being a family when everyone around us was just throwing crap on the pile. Not even that. Really just leaning on each other, trusting each other, playing for the man to your left and to your right.

Gosh, I've seen a lot of guys grow as men, young men becoming men. I've had the honor to do that here in the presence of some great coaches and leaders. Those lessons I'll keep with me forever.

Couldn't be more happier. Couldn't be more blessed. I just love everyone here. That's all I got to say about that.
